STEPS

Understanding The IToP STEPS Scholarship Enrichment Program

- 1. Is a flexible program that involves trainers and trainees interacting in peer to peer format for Online Teaching Learning Session. The Training Faculties are psychiatry teachers who have been trained in medical education from India and abroad along with medical education experts. Undergraduate and postgraduate students will also be part of appropriate sessions.**
- 2. The sessions are scheduled as per the convenience of Trainers and Trainee in the evening or weekend sessions, usually after working hours.**
- 3. The Total duration of the enrichment program is 20hrs spread over 20 weeks adhering to the Specific Learning Objectives, Appropriate Teaching Learning Methods and Assessments.**
- 4. Out of 20 Hours - The Candidate can choose 4hrs "*What they are keen to learn?*"- Customized Teaching Learning Shall Be Considered. Training will have UG/PG focused Teaching Learning Session based on applicants need.**
- 5. All sessions are mandatory and scholarship shall be awarded only after successful completion of the training program; which includes attending all online sessions & submission of tasks/assignment. (The candidate should provide undertaking about accepting terms and condition at the entry of program)**
- 6. Successful completion of the enrichment program will entitle Rs 10,000 Cash, Certificate and Memento for each teacher.**
