# Why Attend?

**As a leader in your department, your insights and experiences are invaluable in shaping the future of psychiatry education.**

**This is your opportunity to:**

- Share your unique perspective on the evolving role of Department Head.
- Influence key changes in medical education and training practices.
- Collaborate with peers to innovate and enhance psychiatry curriculum across institutions.

**Be a panellist:**

**Join this prestigious panel as an invited speaker! Contribute to a focused discussion on:**

- Leadership in psychiatry departments
- Balancing academic duties with clinical innovation
- Enhancing resident training and mentorship programs
- Addressing current challenges in psychiatric education

**Why Your Voice Matters:**

Your participation will offer invaluable insights that can influence policy formulation, strengthen departmental frameworks, and shape the future of psychiatry by nurturing the next generation of psychiatrists. Whether your expertise lies in undergraduate, postgraduate, or superspeciality education, your contribution will be instrumental in redefining and advancing the landscape of psychiatric education.
